## Welcome To Bunker Hills Academy

I am pleased to welcome you to the Bunker Hills Academy web site. The Administration and Staff of Bunker Hills Academy is continually working to develop the best possible learning environment for our students.

Our children's education is the foundation of who they will become, and of their future success in life. The leadership at Bunker Hills Academy is passionate about providing the highest quality programs in a loving, encouraging, positive Christian setting.

Our school year is filled with classroom activities as well as Chapel, physical education, art, music, Spanish, computers, Christmas and Spring Programs, field trips, marathon family day, graduation, and our annual end of the year family picnic. All of these activities adding to a very busy campus life.

Bunker Hills Academy implements a traditional, classical curriculum utilizing a Christian worldview. Our A Beka Curriculum is strong in phonics and therefore continual testing scores average grade levels above the secular schools.

We feel that character development of our students is of paramount importance and are encouraged that our faculty and staff are definite Christian role models to their students. At Bunker Hills Academy the environment for learning is positive, nurturing and challenging.

I want to thank you for your interest in Bunker Hills Academy. If after visiting our Web Site you feel BHA may be the right school for your children, please contact the school office. I would be pleased to meet with you to answer any questions you may have regarding our school or Christian Education, and to take you on a tour of our campus. We look forward to serving your family here at Bunker Hills Academy.

Gary Peterson
